------	---------------------	----------	---------	-----------------

The calendar program which was developed locally by the court is not compatible with CM/ECF. We are working diligently to revise the program to work with CM/ECF. We can generate a report of the cases scheduled for 341 meeting on a given date and the cases can be grouped by attorney. However, the report does not arrange the calendar in the format preferred by the trustee and the court.

The clerk does not have sufficient staff to retype and rearrange the calendars in the preferred format. Therefore, until the program has been revised, the trustee will call the cases in the preferred sequence by having attorneys filing the least number of cases first on the calendar and the attorneys having the most number of cases at the end of the calendar.
